## LOCAL NEWS

The Letcher county jail is full and running over the top, and yet there are more to come. There are now fifty-five registered, mostly serving time for prohibition violations.

Jont Frazier, sentenced to the reformatory at a previous term of Court and given ten years on charge of killing his brother, was taken to Frankfort this week to serve his time. He is a son of Uncle Jim Frazier, of Smoot Creek.

Bit Keathley, leading Burdine citizen, drove over Monday in his new Dodge car. It's a dandy.

There was preaching at both Sandlick Baptist Churches Sunday with small audiences.

**PLANTS** Improved Portorico Potato Plants, (Inspected) \$1.50 thousand, 5000 up \$1.35 thousand Tomatoes leading varieties \$1.50 thousand. Cabbage Plants \$1.25 thousand. cash with order. Satisfaction Guaranteed. Fossett Plant Co. Baxley, Ga.

Applicants for teachers' certificates may be examined in May and June without any high school training. After July 1 all applicants must have had at least one year of high school work.

Teachers or others desiring to attend a six weeks summer school at Whitesburg to begin June 5 should write to the County Superintendent at once.

The Grand Jury is hard at work ferreting out violations. Not a great number of indictments have been returned but it is said a mass of them are yet to be reported.

In our opinion the season is almost a month earlier here than in many years. The hillsides are wrapped in green foliage and farmers are hustling to get their crops to growing. The Eagle wants to be able to report big corn, potato and other crops. If killing weather remains off there is little doubt as to our having heavy fruit crops.

"Judge Childers is the best Judge that ever occupied the seat in Letcher county," said a good old citizen from the up-river section a few days ago. His sentiments were voiced by a number of others present at the time.

Some of the best cars made are advertised in the Eagle. Look thru its pages and see who sell them. You can get the Buick, the Ford, the Dodge, the Chalmers, the Maxwell, the Chevrolet Studebaker and others.

**FOR SALE** — A good heavy team of Percheron horses, age 8

years, in good condition, well broke and guaranteed to work anywhere; price reasonable; call or write B.B. Banks, Ice. Ky.

Sweet potato plants from Government inspected seed beds. Porto Rico, Nancy Hall, Triumph, Prepaid mail 500, \$1.50, 1000, \$2.50, Express 2000, \$4.25, 5000, \$10.00, 10,000, \$17.50, Earlianna, Stone, June Pink, Globe, Redfield Beauty tomato plants same price, Parker Farms, Atlanta, Ga.

The big miners strike which became effective April 1 is creating very little furore throughout the county. The big daily papers have very little to say about it, but later on no doubt if the strike continues we will hear and read more about it. In this immediate section so far as it has come to us, there is no effect yet — the mines still running and everybody at work.

New line of Buicks just arrived — see Tony Raneri here or at Seco.

Joe Fairchild, agent for the famous Studebaker Car will soon start a high class advertising campaign in the Eagle. Watch for it.

A beautiful Easter flower arrived at the home of Mr. and Mrs. Homer B. Dameron of Mayking. The fond parents have designated it Jewel Adams Dameron.

I. N. Lewis, Sandlick, ill for sometime is reported by his physicians as improving and it is hoped will soon be stirring again.

Mr. and Mrs. Felix G. Fields, of Lexington, are here for a few days. Mr. Fields is Chief Prohibition Enforcement Officer for Kentucky and is making a record as such. He maintains that violations of the prohibition laws have increased 100 per cent in Kentucky in the last few months. If we are not mistaken this is certainly true in this immediate section. With the kind but firm and persuasive way in which Judge Childers goes after these violations we shall see more improvements in the next few months.

Two Deputy Sheriffs, Millard Hall and Willard McKinney, and others invaded head of Rockhouse section and captured Pleas Hall and Isaac Burks. A number of others were implicated; they destroyed about 1000 gallons of beer and all else connected with the outfit except the still.

Senator H. H. Smith, of Hindman, a leading attorney, is here on legal business. Hillard has many warm friends here.

## Died Suddenly

Mrs. Alice Fields Day, aged about 40, daughter of Judge D. D. Fields of our city, died suddenly of heart failure at her home in Fleming this morning at 2 o'clock. Mrs. Day had been in good health and the news of her death came as a great shock to her many friends and relatives here. Besides her father she is survived by several brothers and sisters, two grown children and a host of sorrowing relatives and friends. The remains were prepared for burial by Undertaker Swisher and returned to her old home here for interment. To all the bereaved the Eagle extends deepest sympathy.

## Pine Top News

At the advanced age of eighty-six Major B. Smith of Knott Co., best known and best loved citizen was called to the great beyond. He leaves a large relationship in this section interment was in the Wash Amburgey cemetery in the presence of a vast assemblage of relatives and friends.

Bob Adams, popular Carr citizen, is attending Circuit Court at Whitesburg this week.

The Grand Jury in session at Hindman returned over two hundred indictments at the end of the second week and is still in session.

Miss Celia Blair, a pretty young lady, daughter of our popular citizen, Stephen L. Blair, played lucky a few days ago, capturing one hundred and sixty pounds of Green Back. The Green Back is from Blackey and is an excellent gentleman. We congratulate the young lady and wish both many years of happiness.

Why everybody don't take the Eagle is what we don't understand. It was born among us and stands without a peer in our hills. Its screams are elevating, its editorials are chaste and bespeak the very impulse of our citizenship. Open up, boys, and seize the old Bird!

Geo. M. Adams working the jail prisoners is doing just a lot of good work on the county road below town.

Mrs. Webb, the editors 99-100-ths has been pretty sick for several days.

Prof. Harris' family are now located in their handsome new home on College Hill.

J. R. Wright and family have moved to the Dug Day-Rob Holcomb farm.

Mr. and Mrs. Leonard Hart are the possessors of a bright new youngster at their home. Mrs. Hart and baby are doing nicely, but Leonard may improve.

The Flanery trial started this morning but there was considerable difficulty in securing the jury and at the time of closing our forms this has not been accomplished. The case will take all of tomorrow or longer.

## Must Register

Under a late law the owner of every revolver or pistol must go before the County Court Clerk and register same. And every dealer who handles these arms must pay an annual license of twenty-five dollars. A fee of one dollar is required with the registration of every pistol and the Clerk is required to furnish the secretary of state with the names of all persons registering arms. Persons owning a pistol and not registering are subject to indictment and upon conviction subject to a fine of from twenty-five to three hundred dollars and a jail sentence of from thirty days to six months. All arms captured unregistered are to be sold for the benefit of the state.

## McROBERTS

Miss Leona Webb returned to Irvine after visiting her father at Fleming Hospital.

Mr. and Mrs. J. I. Day visited Mr. and Mrs. S. M. Banks.

## JOINT PROCLAMATION

By the Governor of Kentucky and the State Board of Health Naming the First Week in May as Kentucky Clean-up Week.

WHEREAS, Official reports show that sixty out of every one hundred cases of sickness and forty-three out of every one hundred deaths in Kentucky are due to preventable diseases, many of which are the result of conditions brought about by the careless disposal of human and animal discharges. The accumulation of filth and rubbish about the home and premises, which will afford breeding places for flies, mosquitoes, rats and other insects or vermin which will, as soon as the warm weather sets in, act as carriers of disease germs, are not only a menace to health but are unsightly and a reflection on civic pride, besides contributing to the community's fire hazard.

NOW, Therefore, Be It Known, That the Governor of Kentucky, together with the State Board of Health, by virtue of authority vested in them by law and in discharge of a manifest public duty, do hereby set apart and proclaim the week from April 30 to Saturday, May 6, as Kentucky Clean-Up Week, and urge upon all health officials, welfare agencies and public-spirited citizens to at once organize for this work in such way as will insure effective results in their respective communities. The State Board of Health will furnish, upon application, extensive plans for the organization and conduct of such a campaign.

By authority of the Governor of Kentucky, and the State Board of Health this 10th day of April, 1922.

EDWIN P. MORROW,  
Governor Commonwealth of Kentucky.  
L. L. McMURTRY,  
President State Board of Health.  
A. T. McCORMACK,  
Secretary State Board of Health.

By J. M. BENTLEY, M. D.  
Pres. Letcher Co. Board of Health.

## Circuit Court

Only about sixty-five indictments have been returned by the Grand Jury, fifteen felonies and the others charging violations of the liquor laws and other infractions. Emory L. Frazier, of Lawrenceburg, a young attorney and a member of the late legislature of Kentucky was sworn in by the court and is entering upon active practice. He will make a specialty of criminal practice.

Roy King charged with the murder of Squire Brown at Burdine about last Christmas went on trial Monday evening. The parties are all colored and the evidence seemed to show jealously as usual among that class of persons.

Bud Tolson a railroad employee, tried on a charge of wife desertion was given one year in the Reformatory and John Stickley, a foreigner charged with the murder of another foreigner was tried and sentence of two years given him.

Quite a number of felonies are scheduled to come up for hearing in the next few days and it is probable the list of convictions will swell to more than a half a dozen at this term of court.

As was the case last week very few people are coming to town — only those who really have business in Court.

The case of John Flanary, who is charged with killing Wiley Jenkins, is expected to come to trial this week.

Harry Moore, of Jenkins, and Frank Stowers, of Pikeville, are constantly busy in Court. Frank has a regular office fitted up here and will be almost one of us.

John Barlow Combs, charged with the offense of incest, on going to trial confessed to his guilt and was given twenty-one years Roy King, mentioned above, was given fourteen years on a murder charge.

## IN THE GOOD OLD DAYS--

### WHEN—

There was only one colored citizen in Letcher, and when the writer was eighteen had seen only one negro.

### WHEN—

There was no such thing as a window in a school house or church house in the county and only "Blab" schools were taught. In those days the boy or girl that didn't scream out his lesson at the top of his voice got a "larruping" from the teacher right now. The only quiet time was when the students had recess and settled down. Bull-pen, hot-pepper, dare-base, marbles, jumping-the-grapevine and school-butter were the games. If you wanted to see the teacher and all the students go on a rampage with blood and thunder in their eyes, you could see it when some big fellow came along and cried "school butter!" Then and there the school took a holiday and all went after the bully to catch and duck him. Along about Christmas it was not unusual for the teacher to get a "ducking" if the larger boys could handle him.

### WHEN—

In 1830 the first school was taught near where Whitesburg now stands. A Virginian named Jas. M. Hill was the teacher and the little log house stood on the bank of the river about three quarters of a mile above the court house. Boys and girls traveled six and eight miles to attend school. The dunce cap was in vogue in those days and many a boy, the lock-stock and barrel of those who read this, frequently wore the cap perched up on a dunce-block.

### WHEN—

Judge John Harlan, afterward Chief Justice of the United States Supreme Court, and James B. McCreary, afterward for many years Governor of Kentucky and United States Senator, rode horseback through the county, speaking at a number of log schoolhouses and cracking the finest jokes on each other and telling their hearers how to vote in order to save the country. They were young men then and both intellectual giants. While speaking in the Courthouse yard at Whitesburg two half-gallon cups of apple brandy were set on the table and each of the speakers imbibed freely of it when ending their appeals. The little left was then handed out to those who might want it.

### WHEN—

In 1860 the Presidential election came up with Abraham Lincoln leading the new Republican party and Robert C. Breckinridge heading the main wing of the Democratic party. Only one vote was cast in the election for Lincoln. Old Shade Combs cast that

vote, it is said, and was shot and killed during the war that followed. The Democrats had met in convention at Baltimore and divided over the question of State Rights.

John C. Bell, of Tennessee, was also nominated. So there were four candidates, the three divided the old line votes and Lincoln won. The war followed and for the next four years Letcher county was nearly depopulated. Two-thirds of the citizens were in sympathy with the Southern cause. Many joined the armies on either side, but enough were left in the county to keep a reign of terror. Thru the war Gen. Humphrey Marshall with his soldiers spent one winter in Whitesburg and Gen. Jas. A. Garfield pushed with his army up Elkhorn creek to above where Jenkins is now, on his way to dislodge the Rebels camped in Pound Gap. Before the battle came up Garfield took some of his men, went down the creek to the Big Sandy and on into his home in Ohio and never returned. He was soon nominated and elected to Congress and afterward served as President of the United States. On Oct. 19, 1881, he died from the effects of an assassin's bullet. So far as we have heard, Garfield and President Harding were the only men to occupy the President's chair who had been in Letcher county. Mr. Harding made a speech in our town in 1918.

## Road Working Days

Every citizen in Letcher county loves his county. To do something for it is a patriotic duty. Whoever refuses in this series himself the right to the protection of the laws and all rights and liberties invoked by them. Now, a number of the county's wide awake citizens, including the officers and the heads of the big coal operations, have planned and set aside May 12 and 13 as "Road Working Days." Then the weather will be nice and warm and the roads dry, an ideal time to show patriotism. Now, remember the days, May 12-13, and let everyone plan to put in at least eight hours on one or the other of these days—first as near your home as possible and then somewhere else. You are not expected to make roads but to clean up, fill holes and repair anything you can. Let everybody meet with tools on these days and make the sacrifice for Good Roads.

The Curtis Ghent case for the murder of Richard Smith on Montgomery creek sometime ago is set for trial tomorrow in Circuit Court while the John Flanary case is set for today.

## EDITORIALLY SAID

The Jenkins Recorder, we are sorry to say, has ducked its brave little head and said good-bye, at least for the present.

Without hesitation and with many months of careful observation this paper desires to state that in all of Whitesburg's history we have not had a better school. From the very beginning the teachers in their know-how way have captivated the whole situation and from that time forward everything moved off like clock-work. Every teacher apparently worked in harmony with Prof. Harris and this brought about the good results. The lady teachers were just grand and the two young men employed were close on their heels. Again, we want to compliment and extend our thanks to Prof. Harris and his excellent helpmate on their work as well as all the teachers. Let's keep them all!

Well, sir, its just not as warm as it was, sir, and we are rather afraid something may get bit, sir.

## ADMITS WHISKY AS WINE

District Supreme Court Rules That Churches Can Get Rye For Sacramental Purposes.

Washington, April 17.—Hundred-proof rye whisky, if church folk so desire, may be withdrawn from government warehouses for sacramental purposes in precisely the same way as wine, under a decision handed down by the District Supreme court. The decision was a blow to the prohibition enforcement service. The case was that of Emanuel Schwartz, a wholesale liquor dealer of Scranton, Pa., who obtained a permit to withdraw kosher brandy for use in Jewish ceremonies. When the prohibition officer found the brandy had more kick in it than ordinary sacramental wine the withdrawal was revoked. Schwartz carried the case to court, and the decision was that it makes no difference what the alcoholic content of a beverage may be, if it is to be used for sacramental purposes, it is sacramental wine.

Train Kills Three Asleep on Track. Fort Worth, Tex., April 17.—Three men, Elmer Thrill, John Shumate and Ed Riggs, all of Columbus, Ohio, were killed while sleeping on the tracks of the Texas and Pacific railroad, near Trimble, Tex., when a freight train passed over their bodies. Edward Miner of Fort Henry, N. Y., escaped death by choosing the path beside the tracks as a place to sleep.

## BUSINESS MAN WAS ON VERGE OF BREAKDOWN

"Tanlac Saved Me And I Now Feel Good Clean To My Finger Tips" Says Well Known West Virginian.

"Actually, I was in such a week and exhausted condition that for a year I walked all bent over and never was able to straighten up until I took Tanlac," said MacClelland Rood, 328 Virginia Ave., Huntington, W. Va., well-known business man. "My stomach got out of order eighteen months ago and every time I ate a hearty meal I suffered like fury. My whole system seemed to give way and I was growing weaker and thinner every day. 'I can say for Tanlac it has just made a brand new man out of me. I eat anything I want, do any kind of work, walk as erect as an Indian and just feel good clean to my finger-tips.'"

There are no spurious, fraudulent, or otherwise unauthorized Liberty bonds or other securities or currency in circulation, it further was stated. No one who has invested in Liberty bonds need fear that he will lose his money.

Personally inspect the care with which Buick bodies are built and the attention given the details which contribute so much to ownership comfort.

An important feature on all Buick Closed cars is the solid steel lug on the doors.

This device holds the door rigid—prevents its rattling no matter how rough the roads and prevents wear to the door lock. A characteristic occurrence when the door is held only by the lock itself.

He refused to pay the tax based on his earnings abroad during his stay here. An English friend gave a written guarantee that if the attorney general decided against Mr. Blumenfeld the \$93.50 would be paid, and the publisher got his clearance papers.

**MOTHER! OPEN  
CHILD'S BOWELS WITH  
CALIFORNIA FIG SYRUP**

Your little one will love the "fruity" taste of "California Fig Syrup" even if constipated, bilious, irritable, feverish, or full of cold. A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bile, and undigested food out of the bowels and you have a well, playful child again. Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

**MILEAGE**

Mileage is the "commodity" one purchases when buying a tire; not mere materials, but the service that certain materials will perform when combined.

Greater mileage is assured in Hydro-Toron tires because processes and principles employed represent the industry's greatest forward steps. The Internal Hydraulic Expansion Process prevents defects from being built into the tire—concealed from sight.

The Toron (no-rot) chemical treatment of fabric gives greater tensile strength, greater holding power between layers, increased affinity for rubber and complete protection against the damaging effects of moisture.

Hydro-Toron tires are oversize—as big as cords, better than cords. Next time you are ready to buy tires, come in and let us show you the tire you have heard so much about.

## Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific . . . I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried . . . One evening, while reading the Sunday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

The Woman's Tonic

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.
